Charitable Giving and the Tax Benefits

How do charitable contributions reduce your tax liability?

When you make a donation to a registered charitable organization you have the opportunity to also reduce your tax liability. Essentially each dollar you donate is not taxable.

Assume you made a \$1,000 donation to you church and the church gives you a tax receipt at the end of the year. When you pay taxes, you would not need to pay taxes on that \$1,000 because it was given to a charity.

The more you donate the more taxes you save. Of course, you will want to consult with your tax advisor to confirm the details of your situation as it is fact dependent.

Please indicate if you would like your donation to go to a specific program.

- WOMENS CLOTHING CLOSET
- FOOD PANTRY
- JOB TRAINING / SCHOLARSHIP
- VETERANS PROGRAMS
- COACHING / COUNSELING

“Giving and Receiving”

There's no better way to give and receive than to make a gift to charity

Our Organization, FAITH WELLNESS CENTER, is a 501 C3 and sponsors and supports various projects and programs, including but not limited to: women's clothing closet, Veterans support and assistance, food delivered to seniors in need, transportation services for non-emergency medical for local and rural seniors, coaching and counseling for all ages, entrepreneurial training / job training / job placement programs.

We appreciate your contributions for our projects and programs. Thanking you in advance.
